# Micro projects. InterMent project

**Main objective:** To create mentoring program for high schools and to find people who could professionally mentor students

## **Achieved so far**

1. Communicated with **over 50 private schools** about our project and we are planning meetings with school heads. Communication with potential Mentors- Right now, we have **a list of over 30 potential mentors**, that suit to our business idea.
2. **Website and Facebook site** - Our website and Facebook group is still under construction. We are working intensively on our website. It has to be user-friendly for schools and mentors.
